

Eleventh International Conference on Effective Teaching And Learning In Higher Education

Guidelines for Preparing Slideshow for Poster Sessions

This year, instead of poster sessions we plan to have “Slideshow for Poster sessions. This involved preparing a PowerPoint presentation instead of a poster. The presentation should include a summary of your research, scholarly, or creative project. It must highlight the context of your work (through photographs, maps, etc.), your methods, and results (with graphs, charts, photographs, etc.). The presentation should be able to stand on its own as a clear, logical presentation of your work. During the conference, you will have a time slot to present your PowerPoint.

Currently the conference website is under reconstruction and will be available soon. For more information about the conference please email us at ctl@aub.edu.lb
